## LOCAL investment

Our mission is to lift up small businesses and lend a hand to local nonprofits. Together, we can create change for good in our community.

Over the past 13 years, Fig has donated more than \$300,000 in sponsorships and contributions to local nonprofits and organizations. As part of that commitment, every year Fig chooses a nonprofit organization to be our Social Mission Partner, lending them our powerful and effective voice and reach.

## COMMUNITY partners

Fig collaborates with keystone organizations in the community who work towards the same goals. These partners believe in the Fig mission and use their influence to uplift the same businesses, organizations, and institutions that we support. We are proud to work closely with organizations such as **Longwood Gardens** and **Historic Kennett Square**.

## GATHERINGS & events

Celebration is at the heart of everything we do. We love people and we believe that good things happen when we gather together. Each season we celebrate the launch of each new issue with a community gathering—a celebration of our city. We also sponsor 40+ events throughout the year, which means that we are out there representing your brand.

## FIG'S audience

Our educated readers make deliberate buying choices and know the importance of supporting local businesses. They share a passion for food, art, entertainment, and downtown development while maintaining an appreciation for history and heritage. Fig readers are motivated to be a part of the community by shopping, eating, investing, and enjoying life locally.
